Describe Proposed Operations (Clearly State all Pertinent Details, and Give Pertinent Dates, Including Estimated Date of Starting any Proposed Work). Use additional page(s) if appropriate. BRRU # 34-21 well laterals will be drilled out of existing 4 1/2" casing by cutting a northwest facing window at least 10' below the Gunton porosity located at 8468-8496', landing in the Red River "B" porosity at 8609-8623'. Out of this window one lateral will turn to the northeast and one to the southwest to the bottom hole locations as shown on the attached maps.			
I hereby certify that the foregoing as to any work or operation performed is a true and correct report of such work or operation.
